

# Pathways to Clean Cooking 2050: Leaving No-one Behind

International Conference: 30-31 May, 2019, Wexford, Ireland

## DRAFT Programme

---

### Wednesday 29<sup>th</sup> May    Irish National Heritage Park, Wexford

15.50                      Bus Redmond Sq. Wexford to Irish National Heritage Park

16.30 – 18.00            Cookstoves 101 – (aka Welcome to the Sector!) session

- *Gasifiers - A paradigm shift for charcoal production and urban cooking fuels* - Christa Roth,
- *Institutional gasifier stove* – Mike Clifford
- *Market research, and user-centred design* - Katie Mahon
- *Local producer with limited means makes a sustainable business from stove production* - Alfred Chisale

*Moderated by Christopher Hayes, Irish National Heritage Park*

18.00 – 19.00            Biomass fuels & stoves demos @ [Crannóg](#)

19.00                      Civic Reception from Wexford County Council food, drink, networking

21.00                      Return bus to Wexford Town

---

### Thursday 30<sup>th</sup> May    National Opera House

09.15 – 09.45            Coffee & tea, networking, lobby

09.45 – 10.00            Welcome to Pathways to Clean Cooking II – Aidan Fitzpatrick, Irish Aid

10.00 – 10.30            Pathways to Clean Cooking - Keynote

*Household Energy Emissions are Determined by Service Matching and Emission Robustness* - Tami Bond.

10.30 – 11.45 Plenary panel – Key issues in access to cleaner cooking.

- *The Climate Change Mitigation Potential of Fuel-efficient Biomass Cookstove in Sub-Saharan Africa* – Jörg Peters,
- *Overcoming energy poverty* – Pam Jagger,
- *Pay as you cook for advanced gasifier stoves* - Rob Bailis, and
- *Prescribing clean air to communities without access to clean fuel: what are the implications for (health) messaging?* - Rachel Anderson de Cuevas.

Moderated by Omar Masera

11.45 – 12.45 Thematic panel discussions as per below:

<b>Finance</b> moderated by Yekbun Gurgoz Wexford Arts Centre	<b>Evidence generation</b> moderated by Prof. Charles Spillane National Opera House
<i>Results based finance for cleaner cooking</i> – Jörund Buen (webinar)	<i>Evaluating desirability of different interventions in Nigeria</i> - Tara Ramanathan
<i>Experience with global financial frameworks to make clean and affordable energy accessible for all</i> – Arthur Laurent	<i>Uncontrolled cooking tests – data from Rwanda</i> – Andy Grieshop
<i>Carbon finance initiative with indigenous communities in remote India</i> – Siddarth D'Souza	<i>The cooking environment, technology and behavior as co-determinants of household air pollution and exposure</i> - Marc Jeuland,

12.45 – 13.45 Lunch & networking @ National Opera House

13.45 – 15.00 Plenary panel – **Can cooking with biomass be clean?** Arts Centre

- *Clean charcoal stoves with sustainably produced charcoal* - Peter Scott,
- *Creating impact with the Tool and Fuel business model* - Anne Osinga,
- *Health implications of chimney-stoves in Mexico and Central America* – Victor Ruiz, and
- *How to measure the quality of access – or the limitations of the SDG 7 indicator with regards to biomass* – Verena Brinkmann

Moderated by Debbi Stanistreet

15.00 – 16.00 Thematic panel discussions as per below:

<b>Household and Settings</b> moderated by John Mitchell, Wexford Library	<b>Policy Options</b> moderated by Christoph Messinger Wexford Arts Centre
<i>Examining transitions in peri-urban homes in Nepal to biogas and induction cookstoves</i> Nick Lam	<i>Sketching an enabling policy environment and regulatory tools to tackle black carbon emissions from household cookstoves in India</i> Tuula Honkonen
<i>Cooking policies in DR Congo &amp; successes &amp; failures</i> Elisha Delate-Moore (webinar)	<i>Energy Safety Nets: Social assistance measures for energy access</i> - Sam Pickard
<i>Harnessing the Power of the Community-Led Approach: A new methodology for large-scale adoption of improved cookstoves</i> – Emily Hosford	<i>Reaching the cashless through the Unified Beneficiary Register</i> – Yamungu Botha

- 16.00 Group photo
- 18.30 Reception at Murphy's Barn - food, drink, concert.
- FRIDAY 31<sup>st</sup> May** **Wexford County Council Offices, Carricklawn**
- 09.00 Bus from Wexford Town (TBD) to Carricklawn
- 09.15 - 9.45 Coffee & tea networking, photo exhibit in lobby
- 9.45 – 10.20 One sentence Thursday Re-cap
- 10.20 – 11.20 Thematic panel discussions as per below:

<b>Modern biomass</b> moderated by Tami Bond <b>Council Chambers</b>	<b>Access</b> moderated by Priya Karve
<i>Fuel transitions in Indian households</i> Veena Joshi – (webinar)	<i>How our community needs to move forward to address public health &amp; environmental goals</i> – John Mitchell
<i>Sustainable charcoal briquette production in Cambodia</i> – Carlo Figá Talamanca	<i>Lessons from India</i> – Svati Bhogle – (webinar)
<i>Inclusive business models in low income countries</i> – Eric Reynolds	<i>Non-monetary payment – corn husk feed barter for stoves in Malawi</i> - Emmie Ngwira
	<i>Cooking Energy System V2.1 – Validation for Latin America</i> – Jaime Navia

- 11.20 – 11.30 Presentation of A Burning Concern – Marilyn Smith
- 11.30 – 12.00 Plenary Panel – **Paradigm Shift – Approach**
- Towards Universal Clean and Affordable Cooking Energy: The need for Integrated Multi-fuel/device Programs* - Omar Masera
- 12.00 – 12.55 Lunch & networking
- 13.00 – 14.30 Plenary Panel – **Paradigm Shift – Elements of the new Approach**
- *Adoption is the critical parameter* – Priyadarshini Karve,
  - *Scaling up (modern biomass) to really make a difference* – Christoph Messinger
  - *Reaching the bottom billion with clean biomass* – Mbumba Chigalu
  - Discussion
- Moderated by Andrew Revkin*
- 14.30 – 14.45 Close
- 16.30 – 17.30 Musical Recital at St. Iberius Church, Main St. Wexford (*all participants invited*)
-
